

Thermocouple Sheaths

Ref : A FP 2810

Rev : A

DESCRIPTION

These thermocouple sheaths offer superior protection, excellent service life, quick response and ease of use for aluminum and other non-ferrous melting and holding applications.

They are available with either a 1/2" BSP, 3/4" NPT pipe or without a pipe as a straight ceramic sheath for higher temperature copper applications. The pipe versions are also available as a complete pyrometer assembly to help speed-up installation and reduce labour costs.

TECHNICAL CHARACTERISTICS

Pyrometer Sheath only	Complete assembly	Outside diameter (mm)	Length (mm)	1/2" BSP Pipe	3/4" NPT Pipe	No Pipe 25mm hole
