

Thermocouple with alligator clip

CROCO CLIP SERIES

Ref : 2831

Rev: A

DESCRIPTION

This alligator clip thermocouple can quickly and easily measure the temperature of most surfaces, and on different materials. It is robust, very easy to use and is reusable.

This thermocouple can be made in K, J, T type, K being the most popular one.

MESUREX is a sensor manufacturer. According to your needs, we can customize this thermocouple. We can adapt the cable, shielded Teflon, armored glass silk, connector, temperature resistance, response time, size of the clip etc. Please [contact us](#).

SPECIFICATIONS

Type	K, T, J, N, S, E
Connection	Pinch an object up to 7 mm thick, available in 25 mm version and over (contact us to adapt the size of the clip to your need)
Operational temperature range	-50°C to +250°C exists in +300°C s/insulated
Connection	With 2-meter length cable in shielded Teflon, termination by miniature connector, or standard cylindrical pins
